

# Using BETWEEN

## Question

Select the title and release\_year of all films released between 1990 and 2000 (inclusive) using BETWEEN.

## Answer

```
-- Retrieve title and year of films released between 1990 and 2000
SELECT title, release_year
FROM films
WHERE release_year BETWEEN 1990 AND 2000;
```

## Code Explanation

1. SELECT title, release\_year: Retrieves the title and release\_year columns from the table.
2. FROM films: Specifies the table 'films' as the source of data.
3. WHERE release\_year BETWEEN 1990 AND 2000: Filters the rows to include films where the release year is within the range 1990 to 2000, inclusive of both endpoints.
